

Mojito

(excellent for dipping any type of fried plantains, yucca, potatoes, etc.)

Ingredients:

1 cup olive oil
1 head of garlic, peeled, crushed and finely chopped
1 small onion, finely diced
3 Tbsp. cilantro, finely chopped
Juice of 1 lemon
Juice of 1 lime
Salt to taste

Preparation:

Mix all ingredients together in a non-reactive bowl (such as a Pyrex measuring cup)

Tip: for a mayonnaise-like texture, warm up the oil a little and use a blender to mix all ingredients until desired consistency.
